

## COVID-19 - Transport update

### UPDATE 2020-10-15

Due to the declared public health state of emergency by the French government yesterday (14/10), we want to update you regarding the situation.

As it stands, transports are not affected, all of our transports continue as usual, and we are well prepared if something should change.

All our drivers are equipped with masks, hand sanitizers etc. They have been given clear instructions about the hygiene and to closely follow the rules such as social distancing, avoiding hand shakes etc.

We are monitoring the situation closely, and we will keep you updated if something should change. But like stated before, all of our transports runs as normal as it stands.

Thank you for your cooperation, stay safe.

Best,  
GN Transport
